This event is sanctioned by the United States Dog Agility Association, Inc., hereinafter referred to as “USDAA”. The rules and regulations of the United States Dog Agility Association, Inc. as amended January 1, 2004 shall apply at this event. A copy of USDAA rules and regulations may be obtained for \$7.00 (includes S&H) online at www.usdaa.com, USDAA Store. Please do not include with entry fees.

ENTRIES & CLOSING DATE

All entries must be received no later than 5:00 PM, Wednesday, August 17th, 2005. No cancellations are permitted after August 17th. A secondary closing date of August 29th, is offered for advancement in level only. Returned checks do not constitute a valid entry. There will be a \$20.00 service charge for returned checks. Amounts shall be paid within 30 days of postmarked notice of returned check if such date follows the event date. Any fees not received within 30 days of notice result in cancellation of event results for all classes for the registration number(s) of delinquent entry/entries. No reinstatement of results is possible, and all awards must be returned within 10 days of notification, or the dog’s registration may be suspended pending restitution. Any unpaid fees or shortfalls must be paid prior to the start of the event or entry is canceled without recourse. No refunds of overpayments for amounts of \$10.00 or less after deduction of service fees.

The Organizing Committee of an event may refuse the entry of any competitor of dog for just cause should the committee view that participation by the competitor of dog would be prejudicial to the sport. However, any committee so doing must notify the competitor in writing (with a copy to the USDAA office) in anticipation of or upon receipt of entry. The notice must include the reason for refusing the entry and a brief explanation of the basis for their decision. The burden of responsibility for appropriateness of such action rests solely with the host group and its Organizing Committee.

To be accepted, entries must be complete, signed (by parent or legal guardian if handler is a minor), received by the initial closing date and accompanied by the correct fees (see entry form for fee structure).

A registration form is included with this Test Schedule. If your dog is not already registered with USDAA, you must complete and submit this form with your entry. All dogs must be registered with USDAA (registration has a “U” prefix) in order to enter. If your dog’s registration card was issued with the “A” prefix, this indicates the dog was not 18 months of age at the time of registration; no additional registration is required as long as the dog is 18 months of age by the event date. To obtain a registration number immediately and a height card prior to the event, go online to www.usdaa.com, General Information, Dog Registration.

STANDARD AGILITY

A standard agility course consists of a numbered sequence of obstacles and demonstrates a dog/handler team’s speed, accuracy and teamwork. Standard agility classes are scored pursuant to Chapters 3-5 of USDAA rules and regulations.* Please note: Effective January 1, 2004 the table count will be five CUMULATIVE (not consecutive) seconds in Advanced standard class.

NON-STANDARD CLASSES

All non-standard classes are scored pursuant to the provisions of Chapter 6-7 of USDAA Rules and Regulations

Gamblers Class: consists of a course with no pre-determined route and each obstacle is assigned a point value. In the ‘opening’ period the handler seeks to accumulate points by performing the obstacles of his/her choice in the time allotted. At the conclusion of the ‘opening’ the handler attempts the ‘gamble’, a sequence designated by the judge to be handled from a distance, for additional points. This non-standard class is scored pursuant to the provision of Chapters 6 & 7 of USDAA rules and regulations.

Jumpers Class: consists of a course of jumps and may include a tire and tunnels. This non-standard class is scored pursuant to the provision of Chapters 6 & 7 of USDAA rules and regulations.

Pairs Relay: consists of a standard course with one dog and handler running a portion of the course, followed by a baton exchange to a second handler and dog who run the second portion of the course. This non-standard class is scored pursuant to the provision of Chapters 6 & 7 of USDAA rules and regulations

Snooker Class: consists of an ‘opening’ sequence of point collection similar to the gamblers class followed by a closing sequence of a set pattern. Roughly parallels the billiards game of ‘Snooker’ requiring the dog to successfully complete a ‘red’ jump prior to attempting an obstacle designated as any other color. This nonstandard class is scored pursuant to the provision of Chapters 6 & 7 of USDAA rules and regulations

CLASS DESCRIPTIONS

Two certification programs will be offered at this event – Championship & Performance. Competitors may enter both Championship and Performance Program classes for which they are eligible; however, under NO circumstance may a dog be entered in the same Championship and Performance class at this agility test (i.e. standard at any level in both programs). Classes include standard agility, gamblers, jumpers, pairs relay and snooker agility as set forth in Chapters 3 – 7 of USDAA Rules and Regulations, each of which are conducted at three competitive levels.

Eligibility is determined as follows:

2005 DOG AGILITY STEEPLECHASE® LOCAL QUALIFIER

Description: The “Steeplechase” is a two-round tournament with emphasis on speed. Each round will be conducted on a jumpers-style course with the inclusion of an A-frame and weave poles, either of which shall be required to be performed twice. The top 30% of competitors (minimum of four, some of whom may be non-qualifiers) shall advance to Round 2 to compete for prize money and Tournament Top Ten points (see separate qualification standards below). However, a competitor who receives an elimination in Round 1 is ineligible to advance. This tournament is open to all competitors (i.e. starters, advanced or masters) regardless of previous accomplishments in competition.

Scoring: The tournament shall be conducted pursuant to USDAA Championship Program rules as stipulated herein. Scoring in each round shall be on a time plus faults basis with a five-point penalty added to a competitor’s performance time for each occurrence of a fallen hurdle or missed contact. Running the wrong course shall be scored as an elimination as determined under Masters level rules. No refusals or missed weave poles shall be penalized; however, all obstacles must be completed before continuing on the remainder of the course.

Qualification: Only competitors placing within the top 30% of the number competing in their height class shall qualify. Those earning a qualifying score are eligible for entry to the Dog Agility Steeplechase® Championships to be held in the autumn of 2005.

Awards: Prize money shall be computed based upon 30% of the total entry fees for the tournament class for all jump heights collectively, or such greater amount per height class that a host organization may designate. Allocable prize money at local and regional qualifying events shall be distributed among eligible finalists in accordance with the following prize allocation table, regardless of the size of entry in the class; however, allocable amounts to finalist positions that are not filled for any reason or allocable prize amounts less than \$1.00 shall be forfeited.
