This event is sanctioned by the United States Dog Agility Association, Inc., hereinafter referred to as “USDAA”. The rules and regulations of the United States Dog Agility Association, Inc. as amended January 1, 2004 shall apply at this event. A copy of USDAA rules and regulations may be obtained for \$7.00 (includes S&H) online at www.usdaa.com, USDAA Store. Please do not include with entry fees.

ENTRIES & CLOSING DATE

All entries must be received no later than 5:00 PM, Thursday, August 17th, 2006. No cancellations or additions are permitted after August 17th. A secondary closing date of August 28th, is offered for advancement in level only. Returned checks do not constitute a valid entry. There will be a \$20.00 service charge for returned checks. Amounts shall be paid within 30 days of postmarked notice of returned check if such date follows the event date. Any fees not received within 30 days of notice result in cancellation of event results for all classes for the registration number(s) of delinquent entry/entries. No reinstatement of results is possible, and all awards must be returned within 10 days of notification, or the dog’s registration may be suspended pending restitution. Any unpaid fees or shortfalls must be paid prior to the start of the event or entry is canceled without recourse. No refunds of overpayments for amounts of \$10.00 or less after deduction of service fees.

The Organizing Committee of an event may refuse the entry of any competitor of dog for just cause should the committee view that participation by the competitor of dog would be prejudicial to the sport. However, any committee so doing must notify the competitor in writing (with a copy to the USDAA office) in anticipation of or upon receipt of entry. The notice must include the reason for refusing the entry and a brief explanation of the basis for their decision. The burden of responsibility for appropriateness of such action rests solely with the host group and its Organizing Committee.

To be accepted, entries must be complete, signed (by parent or legal guardian if handler is a minor), received by the initial closing date and accompanied by the correct fees (see entry form for fee structure).

A registration form is included with this Test Schedule. If your dog is not already registered with USDAA, you must complete and submit this form with your entry. All dogs must be registered with USDAA (registration has a “U” prefix) in order to enter. If your dog’s registration card was issued with the “A” prefix, this indicates the dog was not 18 months of age at the time of registration; no additional registration is required as long as the dog is 18 months of age by the event date. To obtain a registration number immediately and a height card prior to the event, go online to www.usdaa.com, General Information, Dog Registration.

STANDARD AGILITY

A standard agility course consists of a numbered sequence of obstacles and demonstrates a dog/handler team’s speed, accuracy and teamwork. Standard agility classes are scored pursuant to Chapters 3-5 of USDAA rules and regulations.* Please note: Effective January 1, 2004 the table count will be five CUMULATIVE (not consecutive) seconds in Advanced standard class.

NON-STANDARD CLASSES

All non-standard classes are scored pursuant to the provisions of Chapter 6-7 of USDAA Rules and Regulations

Gamblers Class: consists of a course with no pre-determined route and each obstacle is assigned a point value. In the ‘opening’ period the handler seeks to accumulate points by performing the obstacles of his/her choice in the time allotted. At the conclusion of the ‘opening’ the handler attempts the ‘gamble’, a sequence designated by the judge to be handled from a distance, for additional points. This non-standard class is scored pursuant to the provision of Chapters 6 & 7 of USDAA rules and regulations.

Jumpers Class: consists of a course of jumps and may include a tire and tunnels. This non-standard class is score pursuant to the provision of Chapters 6 & 7 of USDAA rules and regulations.

Pairs Relay: consists of a standard course with one dog and handler running a portion of the course, followed by a baton exchange to a second handler and dog who run the second portion of the course. Partners must be in the same level (Starters/Advanced/Masters) and in the same height division (mini or open). Performance pairs (non-qualifying) is open to any dog not entered in another pairs class at this event. The course for Championship pairs will be used for the corresponding Performance level with modifications pursuant to the Performance Program. Partners must be in the same level (P1/PII/PIII) but may pair without regard to jump height. This non-standard class is scored pursuant to the provision of Chapters 6 & 7 of USDAA rules and regulations

Snooker Class: consists of an ‘opening’ sequence of point collection similar to the gamblers class followed by a closing sequence of a set pattern. Roughly parallels the billiards game of ‘Snooker’ requiring the dog to successfully complete a ‘red’ jump prior to attempting an obstacle designated as any other color. This nonstandard class is scored pursuant to the provision of Chapters 6 & 7 of USDAA rules and regulations

CLASS DESCRIPTIONS

Two certification programs will be offered at this event – Championship & Performance. Competitors may enter both Championship and Performance Program classes for which they are eligible; however, under NO circumstance may a dog be entered in the same Championship and Performance class at this agility test (i.e. standard at any level in both programs). 2006 DOG AGILITY STEEPLECHASE® LOCAL QUALIFIER

Rules effective March 1, 2006 and retroactive to September 19, 2005

Description: The “Steeplechase” is a two-round tournament with emphasis on speed. Each round will be conducted on a jumpers-style course that shall include at least two spread hurdles and includes an A-frame and weave poles, either of which shall be required to be performed twice. Top competitors as set forth below (see qualification and advancement) shall advance to Round 2 to compete for prize money and Tournament Top Ten points. Qualifiers as defined herein earn the right to enter the Dog Agility Steeplechase® championships to be held in the autumn of 2006. This tournament is open to all competitors (i.e. starters, advanced or masters) regardless of previous accomplishments in competition.

Scoring: The tournament shall be conducted pursuant to USDAA Championship Program Starters level rules, except that scoring in each round shall be on a time plus faults basis, with a five-point penalty added to a competitor’s performance time for each occurrence of a fallen hurdle or missed contact; running the wrong course shall be scored as an elimination as defined under Masters rules.

Qualification & Advancement: (For the purposes of this explanation, a score is anything other than elimination.) Qualification shall be determined based upon the Round 1 scores of the top three dogs in each jump height provided there are at least 5 scores in 12” or 16” or 7 scores in 22” and 26”. The top three scores shall be averaged and multiplied by a factor of 1.25 to determine the MAXIMUM qualifying score for each jump height. Only competitors with scores equal to or less than the MAXIMUM qualifying score qualify.

Further, in the event that fewer than five competitors in any HEIGHT CLASS receive a score, the top three scores must be determined from the division to determine the MAXIMUM qualifying score for all dogs competing in that division in the manner described above.

However, if there are fewer than five scores in a DIVISION, the top score from the division shall be used to calculate the MAXIMUM qualifying score. In this case, the top score shall be multiplied by a factor of 1.25 to determine the MAXIMUM qualifying score.

Qualifiers and placement winners (minimum of four, there is no maximum) in the height class are eligible to advance to Round 2 at a local qualifying event in order to compete for Top Ten points and prize money, provided they have finished the round with a score. Non-qualifying competitors running in Round 2 shall not be credited with a qualifying score regardless of their final standing. A finalist slot vacated by a competitor who has earned the right to compete in the final round shall be forfeited and no substitutions are allowed.

Awards: Prize money shall be computed based upon 30% of the total entry fees for the tournament class for all jump heights collectively, or such greater amount per height class that a host organization may designate. Allocable prize money at local and regional qualifying events shall be distributed among eligible finalists in accordance with the following prize allocation table, regardless of the size of entry in the class; however, allocable amounts to finalist positions that are not filled for any reason or allocable prize amounts less than \$3.00 shall not be paid.

2006 Grand Prix of Dog Agility® World Championships - Local Qualifier

This class is open to all competitors other than those who are entered in the Performance National Standard qualifier at this event, regardless of titles earned or skill level. The Grand Prix is a single-round tournament featuring the sport in its basic form. The course includes obstacles as set forth in Chapter 3 of USDAA Rules and Regulations for standard agility, except that no table obstacle shall be used. Standard scoring shall be applied utilizing time standards generally ranging from 3.50 yards per second to 3.75 yards per second for competitors in the 22” and 26” height classes, from 3.10 to 3.40 yards per second for competitors in the 16” height class and 2.85 to 3.05 yards per second in the 12” height class.

2006 Performance National StandardSM Championships - Local Qualifier

This class is open to all competitors other than those who are entered in the Grand Prix qualifier at this event, regardless of titles earned or skill level. This qualifier is a single-round tournament featuring the Performance Program in its basic form. The course includes obstacles as set forth in Chapter 7 of USDAA Rules and Regulations for standard performance class, except that no table obstacle shall be used. Standard scoring shall be applied utilizing time standards generally ranging from 3.30 yards per second to 3.55 yards per second for competitors in the 16” and 22” height classes, from 2.95 to 3.25 yards per second for competitors in the 12” height class and 2.75 to 2.95 yards per second in the 8” height class.

Qualification and Advancement for both tournaments

Competitors that earn seven (7) or fewer faults shall earn a qualifying score. Additionally, the first place competitor in each height class and has earned a qualifying score shall be eligible to enter the final round of a Type 1 Regional Championship without regard to their score in the first round. Such eligibility shall be documented through a ‘bye voucher’. A competitor may earn more than one voucher, and the voucher is non-transferable, can be used only once and must be submitted with the competitor’s entry form for a Type 1 Regional Championship. See complete rules & regulations for Regional Championships, which are hereby incorporated by reference. The rules may be found on the USDAA web site – General Information – Forms and Documents Library, or may be requested in writing by US mail from the USDAA office.

A competitor must have two qualifications from local qualifiers, one of which may be from the first round of a Regional Championship, in order to qualify for entry to the world championship quarterfinals; however, where a competitor may choose to compete in both Grand Prix and Performance National Standard qualifiers during the current tournament season, the competitor is only eligible to compete in the championships of the tournament in which they have earned the most qualifications. Further, 2006 tournament rules stipulate that a competitor must compete all in Championship or all in Performance tournaments at National/World Championship events. (Note the requirement to enter all Performance OR all Championship tournaments at the Regional level has been revoked as of May 11 and applies to all Regional events for 2006).

Since the Grand Prix and Performance National Standard qualifiers offered at this event are being held in conjunction with the last Regional Championship of the 2006 season, bye vouchers will not be awarded. Qualification at this event will count toward the two Qs needed for entry to the World Championship Quarterfinals.

Junior Handlers (those 18 years of age and younger) and their dogs must be separately registered for participation in the USDAA's Junior Handler Program (UJHP). A registration number with the "J" prefix will be assigned for use in entering UJHP events.
