Crating: See the crating diagram below. Please arrange your crates as shown to maximize the number of crates we can fit into the area. Thanks to Jo Ann and SnoKing for making the diagram ☺.

The parking lot near the arena is RESERVED for people crating out of their cars only! If your car is there and you have a crate inside, you need to move. Also, for those of you crating out of your cars please be considerate and DO NOT run your engines. You exhaust could be going directly into another car's open window and gassing somebody else's dogs.

Conflicts: We will do everything we can to accommodate conflicts. Just to be safe, we are considering everybody running multiple dogs to be a potential conflict. If you could have a conflict, PLEASE make sure that you get your walkthrough. You can walk with an earlier group if needed, but it is YOUR responsibility to make sure you walk the course. In certain situations, it might be necessary to run one or more of your dogs before another jump height. Work with the gate, judges, and Mr. or Mrs. Robin to sort out the schedule.

Workers: If you are working, we will make more than every effort to ensure that you get your run and walkthrough. If you are working a later class and it would be best to run your dog(s) earlier in the order, talk with the score table to reschedule. We don't mind resetting jump heights for those people that volunteer and make the show possible ☺

Spaghetti Dinner: The club is having a spaghetti dinner for the judges and workers on Saturday after the show. See Lisa Nonog for more information.
